## Disabling the Internet Explorer Pop-up Blocker

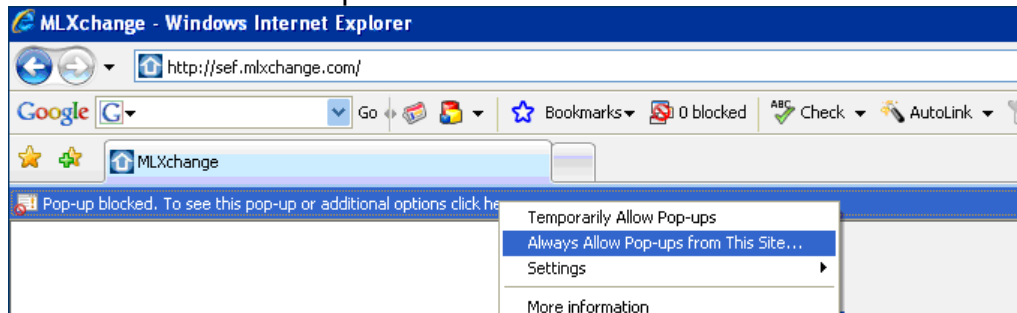

Some versions of Internet Explorer® have a built-in Pop-up Blocker. Usually you will get a message in a yellow bar located at the top of the page:

### ► To disable the Windows pop-up blocker:

1. Click on the yellow bar where indicated.

A drop-down menu opens with a few different options.

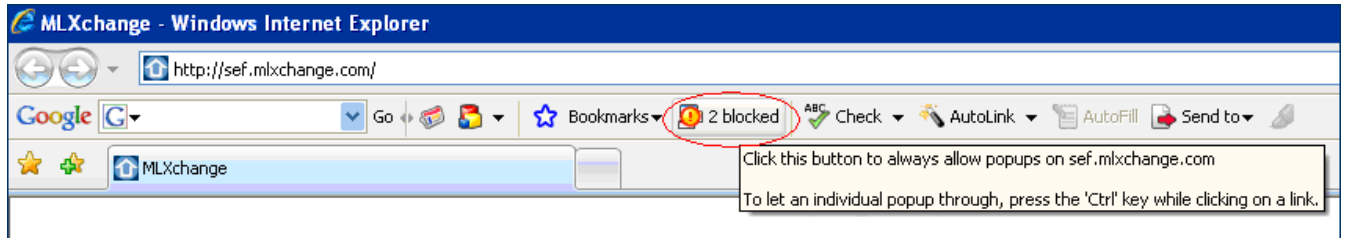

2. Click on **Always Allow Pop-ups from This Site.**

You should now be able to access MLXchange.

3. If you are still getting the Pop-up message, please continue with the following steps.

## Disabling the Google Toolbar Pop-up Blocker

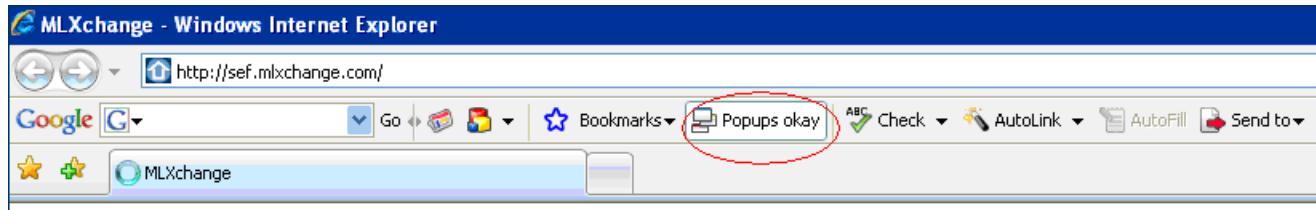

The Google™ toolbar Pop-up Blocker is simple to disable. The toolbar looks like this:

### ► To disable the Google toolbar pop-up blocker:

1. In the toolbar, notice the button labeled '**2 Blocked**'.  
***note!** Please note that your button maybe have a different number blocked.*
2. While you are on the MLXchange login page, click once on the **2 Blocked** button.

The button is now labeled '**Pop-ups okay**'.

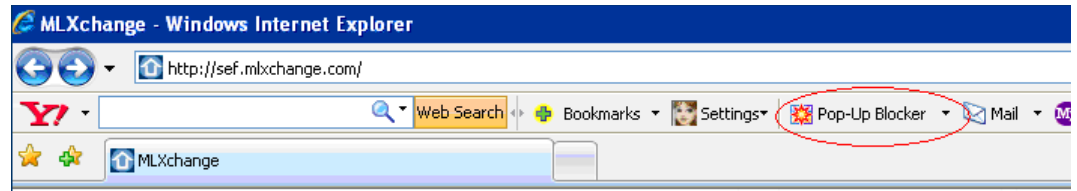

The Pop-up Blocker for your MLXchange site has now been disabled for the Google toolbar.

3. Try to access MLXchange again.  
Remember: After your session in MLXchange is over, please remember to turn your pop-up blocker back on.

## Disabling the Yahoo! Toolbar Pop-up Blocker

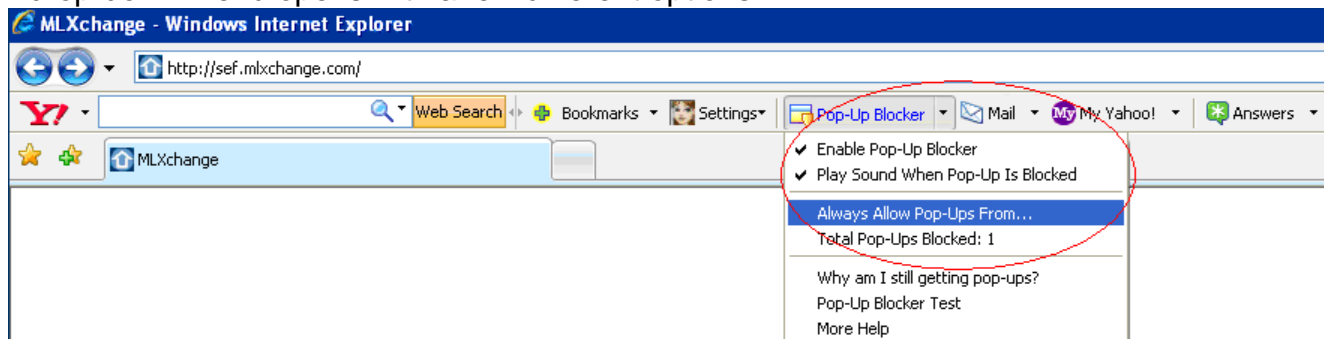

It is fairly easy to disable the Yahoo!® toolbar Pop-up Blocker. This is what the Yahoo! toolbar looks like:

### ► To disable the Yahoo! toolbar pop-up blocker:

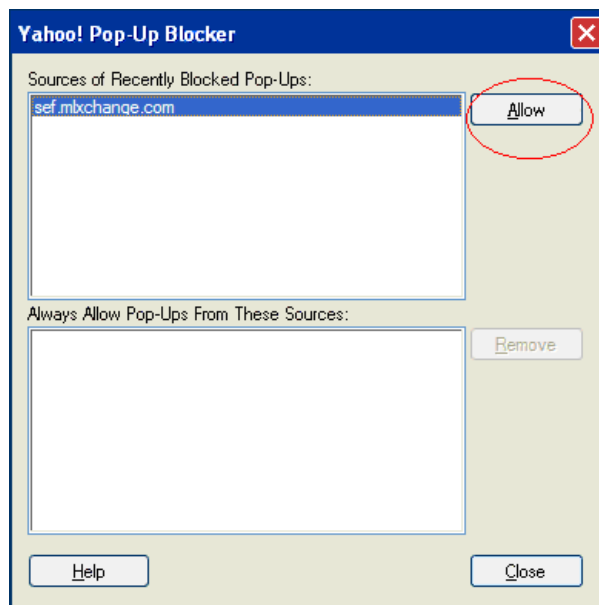

1. Click on the down arrow next to the **Pop-up Blocker** button.

A drop-down menu opens with a few different options.

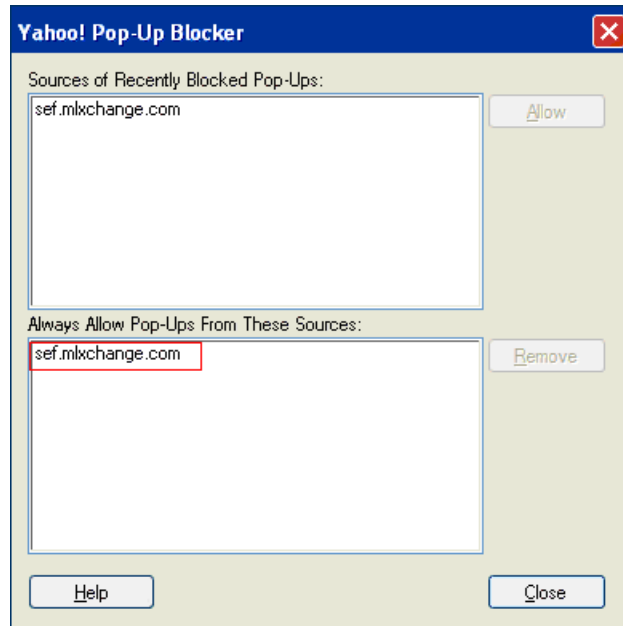

2. Select **Always Allow Pop-ups From**.

The following dialog opens:

3. Highlight the URL address for your MLXchange in the **Sources of Recently Blocked Pop-Ups** list.
4. Click on the **Allow** button.

The MLXchange URL address is now displayed in the **Always Allow Pop-Ups From These Sources** list:

5. Click the **Close** button.
6. Try to access MLXchange again.

## AOL Toolbar

AOL Toolbar is a fairly new toolbar from one of the big Online Providers. Like the others, this Toolbar offers multiple features, and appears in the browser as follows:

The following icon is the Pop-Up Blocker:

1. To allow Pop-ups to appear, merely click on the icon. You should now see the following:

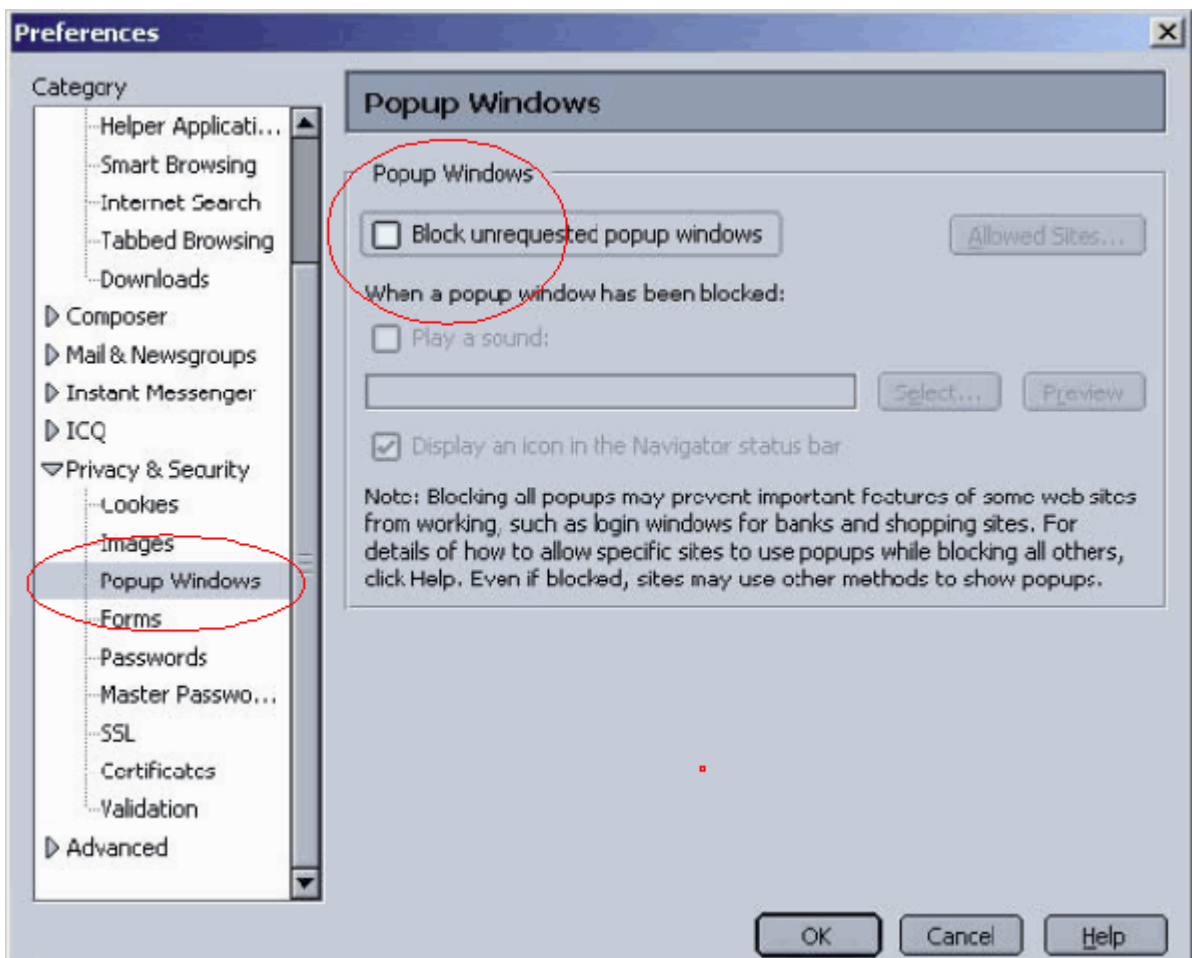

2. Once this is done then you will be able to access the MLXchange site.

Remember: After your session in MLXchange is over, please remember to turn your pop-up blocker back on.

## Netscape Toolbar

Netscape's pop-up blocker is integrated into the browser. To disable the pop-up blocker:

1. From the Edit menu, select the Preferences option. The following window will appear:

2. Click on the arrow beside the Privacy & Security option on the left-hand side of the window to make it display the options shown above.

3. Click on the Pop-up Windows option
4. Remove the checkmark from beside the Block Unrequested Pop-up Windows option.
5. Click Ok to close the Window.

To re-enable pop-up blocking, check the Block Unrequested Pop-Up Windows option.

## MSN Toolbar

The MSN toolbar includes pop-up blocking. This is an example MSN toolbar:

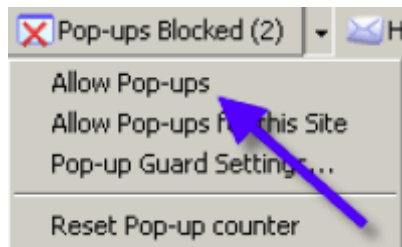

The following icon is the Pop-Up Blocker:

To disable Pop-Up Blocking:

1. Click on the Down arrow to the right of the text to bring up the Menu:

2. Click on the Allow Pop-ups option.

To re-enable pop-up blocking, re-check the Allow Pop-ups option.
